HOROSCOPE

FOR THE WEEK OF JUNE 5 TO 11, 2022

AQUARIUS If there's tension in your relationship, you'll take serious measures to find a solution. Planning quality time with your partner is essential. However, avoid topics about external problems.

PISCES If you're single, someone you don't know will offer to take you on an adventure. A business trip will turn out to be profitable if you have mastery of the subject matter. Weigh the pros and cons before making a decision.

ARIES You have a lot of work ahead of you. The small details may take a long time to sort out. You may also be promoted at work, which will materialize gradually over the next few weeks.

TAURUS You'll be highly charismatic. People will love, support and follow you wherever you go. You'll suggest interesting projects to your boss and significant other, and they'll both agree with you.

GEMINI Your children will be demanding, and you'll become involved in their various activities. You'll also get the green light from the bank to finance a property or significant home renovation.

CANCER You'll express yourself clearly when it comes to money and finance. You'll make big plans with your significant other, such as buying a house, to ensure that you have a promising future together.

LEO Now is an excellent time to ask for a loan, perhaps to consolidate your debts. Don't hesitate to ask your boss for a raise; they won't be able to refuse you this week.

VIRGO A new and exciting challenge awaits. There may be a new beginning on the horizon. You may take steps to go back to school or deepen your spirituality.

The luckiest signs this week: Scorpio, Sagittarius and Capricorn

LIBRA Your health may get in your way. Find a good doctor or research treatment to improve your quality of life. You'll see results, which will put you on top of your game.

SCORPIO You'll expand your network of professional contacts, grow your circle of friends and increase your following on social media. You'll be able to combine business with pleasure at work, at home and in your free time.

SAGITTARIUS Whether at work or home, you'll be involved in a demanding project that will be profitable over time. You must be patient; abundance is slow in coming. However, it'll be yours soon enough.

CAPRICORN Training over the next few months will enable you to obtain a new qualification in your field. You may go on an adventure that broadens your horizons and boost your self-esteem.
