CHETWYND CHAMBER OF COMMERCE
 The Voice of Business

Provincial Government Recognizes Chamber of Commerce Week in BC

This week the Provincial Government recognizes Chamber of Commerce week here in BC. The Chamber of Commerce is a network of 125 separate organizations throughout the province that help local businesses remain resilient and strong within their communities by providing guidance and insight through the challenges they may be facing. In the last few years alone the Chamber has helped businesses navigate their way through the pandemic and labour shortages as well as inflation and supply chain woes.

In the words of Brenda Bailey, Minister of Jobs, Economic Development and Innovation, "The 125 chambers of commerce throughout B.C. are relied on more than ever as they support boards of trade alongside 36,000 businesses of every size, sector and region in our province. They are rising to the challenge to ensure strong, resilient businesses and communities.

"The pandemic has taught us we can't afford to go it alone, and that together we can accomplish great things. As a former business owner, I fully appreciate the importance and strong support of chambers of commerce when it comes to growing a business, creating networks and creating jobs for British Columbians."

Our local Chamber of Commerce has been a tremendous supporter of our local business community and continues to showcase the unique businesses that help create the character of our area. Bringing businesses together to share their strengths and connecting a community to the services available is a huge job. If you have the time, please step up to acknowledge the hard work they are doing. Even more, step up and become a board member.

Without our local Chamber of Commerce our local businesses would struggle even more than they do and without our local businesses our town would struggle to survive. Thank you to Naomi Larsen and our local Chetwynd Chamber of Commerce for all you do in and for our community!

 Mayor Courtoreille with Naomi Larsen, Executive Director for the Chetwynd Chamber of Commerce.

WHY CHOOSE Direct to Garment

Direct printing offers vivid, crisp reproduction of text and images. While vinyl overlays can reproduce a nice image (assuming the original file is a high resolution or vector image) it won't be as sharp or vibrant as direct printing

VIOLET NIGHT

Exclusive talk with Violet Night's Connor Pohl

Way back in 2015 (which feels like a lifetime ago now), Connor Pohl (vocals and guitars), TJ Roundwaite (piano and synths), and Tay Ewart (drums) were sitting around writing music together late one night when the name Violet Night came to them. "We felt Violet Night perfectly captured the sound, visuals and artistry that we aspired to create." was how Connor explained it.

That night was just one step along the road that saw the band post a top 40 radio hit in "(if) you are the ocean (then) i would like to drown" on the alternative charts in 2022 "There was a moment we were trailing right behind Harry Styles in our chart position. Talk about surreal." recalls Connor. "We've toured all over Canada and the USA. Recently we signed on with Strut Entertainment as our publicist - they represent acts such as Taylor Swift and Justin Bieber. Our radio team has ties to Universal Music Canada, and our management has been exceptional at strategizing with us to take things to the next level. We've seen plenty of big opportunities presenting themselves and are excited for the future."

If you aren't familiar with the bands music Connor recommends you start with a front to back listen of the "ANTIHEROES" album to truly understand Violet Night. If you want to start with one song in

particular then go with "Headtrip" or "(if) you are the ocean (then) i would like to drown".

When asked why the decision to make a trip back home now, Connor said "Initially, CSS (The high school) asked us to come home and perform at a mental health and awareness day that they are having. We're often told we've had a really positive impact on the community through the success we've had, and the determination to not be defined by humble small town beginnings. Instead we chose to use that to our advantage, working industry based jobs to build the foundations of success and invest in ourselves."

With their new EP dropping in the spring we are expecting even more great things for the band. If you want to purchase any of their merch then pop on over to their Shopify site and throw them some support.

If you haven't gotten your tickets for their May 5th show at the Tamarack Hall then please do so as soon as possible. Follow the QR code and get them now!
